DOES PSYCHICAL RESEARCH THROW
light on Survival? Washington Society for
Psychical Research announces a free lecture
at 8:15 p.m. Friday, December 16, at the Public
Library, on the present status of this little
understood subject, by Gertrude Ogden Tubor,
R.S., secretary American Society for Psychical
Research of New York. Psychical research
must not be confused with any religious or
speculative cult. It is a field in which the
strictest scientific methods prevail.

OFFICE OF MUTUAL FIRE INSURANCE
Company of the District of Columbia, cor-
porated in New York City, December 14,
1921.—Policyholders are notified that policies
expire at noon on the last Monday in Decem-
ber (25th instant) and the rate of renewal
for 1922 is on per centum on the premium.
The managers have ordered paid to the
policyholders a return of savings accord-
ing to the value of each policy on the 31st
day of last December. POLICIES MUST BE
PRESENTED FOR RENEWAL FOR THE PRESENCE
of the policyholder in connection with the
loan in which case they should be brought
in later to have duplicate payments entered.
The last Monday being a legal holiday this
year the office will be closed on Tuesday.
PLEASE ATTEND EARLY AND AVOID THE
CROWD.

**DEMOCRATS KEEP
SILENT ON TREATY**

**Senators to Avoid Discussion.
Might Interfere With
Parley.**

Democratic senators generally will
assume an attitude of silence on the
so-called four-power pact signed yester-
day. It is their view that any discussion
should be avoided which might interfere with the arms
conference, and also to give the repub-
lican leaders opportunity to submit
an explanation of the "flimsiness" of
the pact.

The crux of the democratic position
as advanced by one senator was that
it was not known what had come of the
conference sessions and therefore sena-
tors were in no position to criticize
or commend an agreement. The basic
reasons for which had not been offi-
cially disclosed.

Domination Question Up.
One question said to have been
broached informally was whether the
real purpose of the treaty was to take
a step toward world peace or to
insure world domination of com-
merce for the powers concerned.

The question as to the definition of
the meaning of article II also was
said to have arisen in discussions.
Senator Robinson, democrat of Arkan-
sas, said later that in his opinion, where
article X of the league of nations
covenant required unanimous vote at
the council before action could be
taken, article II of the Pacific agree-
ment permitted a majority of the con-
tracting parties to rule.

While most of the democrats indi-
cated their willingness to await a re-
publican statement before speaking
on the treaty, Senator Reed, demo-
crat, Missouri, one of the league of
nations "irreconcilables," said he ex-
pected "to have something to say about
the proposition within a few days." He
gave no indication of the form his speech
would take.

AVIATION FUNDS ASKED.
Bill in Senate Provides Appropria-
tion for Bureau.

Legislation to carry the recom-
mendations of President Harding with
respect to the creating of a bureau of
civil aviation has been introduced in
the Senate by Senator Wadsworth, republi-
can of New York. The proposed bureau
would be established in the Department of
Commerce, and be supervised by a
commissioner, the object being to
"encourage, foster and regulate" civil
aviation.

The several score functions which
would be assigned to the bureau in-
clude provisions to lay out air
routes and landing fields, license
pilots, inspect planes and fix regula-
tions governing the carrying
of passengers and freight by the
civil craft.

**PROGRESS IN SEACOAST
ARMAMENT IS REPORTED**

**Gen. Beach Shows Steps Taken for
Protection of the Important
Harbors.**

Substantial progress in the con-
struction of emplacements for sea-
coast armament for the protection of
important harbors, naval stations,
etc., is shown in the annual report of
Maj. Gen. L. H. Beach, chief of en-
gineers.

In recent years, particularly dur-
ing and since the world war, says
Gen. Beach, "there has been such a
development in the caliber and range
of naval guns that a general increase
in the caliber and range of sea-coast
guns has become necessary. To meet
that situation funds have been already
appropriated for the manufacture of
a considerable number of heavy sea-
coast guns and their fabrication is
well along toward completion. Dur-
ing the fiscal year 1921 steady pro-
gress was made, with the funds avail-
able, toward providing emplacements
for the new armament. The work
completed and now in progress will,
however, enable only one-third of the
new guns to be mounted. The budget
for 1923 provides only for the com-
pletion of the batteries already be-
gun. It is, therefore, of the utmost
urgency that the budget for 1924 in-
clude estimates for the acquisition of
sites and the construction of new bat-
teries in order that guns on hand may
be mounted and our sea-coast fortifi-
cation program shall not fall dan-
gerously behind.

Work of battery construction has
been completed at several localities
and at others sufficient progress has
been made to insure completion dur-
ing the fiscal year 1922."

WATCH CHRISTMAS RUSH.

**Additional Detectives on Duty in
the Stores.**
Fifteen additional detectives are
working under Inspector Clifford L.
Grant, chief of detectives, during the
Christmas shopping rush in the stores.
Four of them are members of the wom-
an's bureau, the others being picked
men from the several precincts.
Early shopping and shopping during
the hours when the rush is not greatest,
the police say, means a protection both
to merchants and shoppers. A number
of shoplifters have been arrested this
season, mostly by policemen, it is
stated, two of them having been as-
signed to work in the stores early in
the season.

A Piano with a world-wide reputation for quality, established in 1850. We have
sold Shoninger Pianos for 18 years and we know their worth.
Under ordinary conditions the price of this Shoninger Piano would be \$525.00.
By special arrangement made with the Shoninger factory we purchased several car-
loads of their most popular model for immediate shipment and we received unusual
concessions for placing so large an order at this time. Our customers are given the
benefit of every dollar discount we received. We can truthfully say there is not a
better piano value offered in the whole U. S. than this beautiful model Shoninger
Piano at \$395.00. There are about two carloads left we can sell at this price.
